

downtown X-RAY clinic

Lindsay Diagnostic Imaging Services Inc.

OPEN:
Monday-Saturday 9-5

Kamloops Downtown X-ray Clinic

- The Kamloops Downtown X-Ray Clinic specializes in General Radiography of the chest, spine, skull, shoulders, arms, hands, legs, knees, feet, abdomen, pelvis, hips...
- Digital technology is utilized along with the Picture Archiving and Communications System (PACS) which provides high quality images to enhance diagnostic image quality and facilitates the quick turn-around time of image interpretation and reports.
- We are the only local outpatient facility approved to have two X-ray machines. Wait time for clients is very minimal as a result, usually only 5-10 minutes.
- For client convenience, we are the only local outpatient clinic to offer continued service from 9-5, open during the lunch hour, Monday through Saturday.
- No appointments are necessary but if you would really prefer to schedule one to guarantee you won't have to wait, please give us a call: 250-377-0773.
